Greetings and Happy New Year!

As part of our on going marketing initiatives, I have started a monthly e-news to better connect and engage with all our clients on a more personal level. We take pride in our client relationships and hope you will take an active part in these initiatives by using our e-news and website (to be launched early February) as a resource for all your financial planning needs.

Thank you,

Kevin Oser

Dr. Martin Murenbeeld of Dynamic Funds Economics provides independent analysis and advice on a wide variety of economic and financial trends to interests from across the globe. Their research is read by retail and institutional investors alike, placing a special emphasis on reporting on economic and financial trends seen impacting North American markets.

Released each month, the Economic Monitor provides forecasts on general economic and market trends, focusing on topics considered central to the investment process and providing an overview of the current state of the economy.

Below are some educational videos that I believe will help you become a smarter and more strategic investor
